P		C: Reading comprehension: Read the passage and answer the questions. There are many words in English language. It's impossible to count the number of words in a language. Have you ever thought about where English words are from? Did you know many English words come from other languages? Many basic English words come from Old English, such as, England, house, woman, man, child, bird, water and etc. Other English words come from Latin, like, family, number, school, educate. Some English words come from French .For example hotel and menus are two French words. Today English is an international language. Thousands of English words come from other languages. Every year hundreds of words come into English from new technology, e.g., internet, text message, e-mail and ... English speakers have “stolen” words from other languages and added <u>them</u> to English. Those are known as "loanwords" or "borrowings," which are derived from other languages. The next time you hear one; tell your friends where the word originally came from. 1 1) How many words are there in English language?
